Introducing Dorothy Banks:

Dorothy Banks has devoted her life to researching the religious history of the British Isles. Her painstaking work has produced three books that shed vibrant light on fascinating events of little known but very important aspects of what has happened in the past and on our very own doorstep. Such events are never told in school, which makes the contents of Dorothy Banks books all the more important.

We find it hard finding words to introduce this stupendous work because it is both a very important book as well as being genuinely extensive. At 604 pages it is the largest work we have ever published for an author. It is an undoubtedly important historical work, and full of lavish illustrations. It is also a work of love.

Possibly the most helpful way of introducing this work is to take you through the heads that the author uses in the book's contents. They read as follows:

First Part. From the Beginning to 1520 – c70 pages

Second Part/ The Storm Gathers, Breaks and Rages 1520 – 1829 – c38 pages

Third Part. Our Lady Replenishes her Dowry 1800-1901 – c200 pages

Fourth Part. The Twentieth Century in more detail – c195 pages

The Fifth Part. Decline and disaster – c 6 pages

Thirteen Appendices – c64 pages
